

Dear Press Recognition Panel,

I am a member of the public, a supporter of the Royal Charter and have a longstanding interest in ensuring that the Leveson Report is delivered fully and effectively.

I have considered the consultation and read Hacked Off's submission to the PRP consultation, a copy of which is [here](#).

I am writing to say that I back Hacked Off's submission, prepared with the input of victims of press abuse.

The decades of abuse perpetrated by much of our press clearly demonstrates that tight controls and meaningful sanctions must be used, and that no amount of nebulous promises from interested parties will bring about the changes most people want to see.

What we read, hear and see in our press influences us all, and when our press abuse their privileges, we are ALL victims.

I hope you will take note of this.

Peter Worley
