Subject: Press Regulator

Dear sir or madam

I am contacting you to express my opposition to allowing "Impress" to act as a press regulator. I do not feel that an organization funded by Max Mosley would be impartial to our much cherished press freedoms. As is well known Mr Mosley is using his wealth to try and restrict the reporting of the weird sexual antics of himself and his rich friends. I am 73 years old and although the press is not perfect it has done a good job over the years in rooting out misbehaviour by the rich and famous, and long may it continue to do so.

Yours faithfully V.Giles
