

For the Attention of the Press Regulation Panel.

I strongly support what the Leveson Report said - to ensure that the press are subject to regulation that would require the fullest compliance with the criminal and civil law and ensure consequences equivalent to those from an independent self-regulatory system exist and are implemented.

I urge the PRP to recommend to Parliament that the key 'guaranteed access to justice incentive' (section 40 of the Crime and Courts Act) should be brought into effect as Parliament had intended.
